Electricity Department--Establishment--Temporary--South Kanara Area--Operation and Maintenance--Additional Staff-Sanctioned.

GOVERNMENT ELECTRICITY DEPARTMENT

Tri V.P.Ampadurai, B.A., M.I.E.(Ind),
Chief Engineer for Electricity,
157, Mount Road, Madras.

To

The Secretary to Government,
Public Works Department, Madras.

Rc 1995 T/56-1 dated 27-7-56.

Sir,

Sub:- Electricity Department- Establishment- Temporary Pykara Electricity System - South Arcot Area - Sub-Stations and Lines - Operation and Maintenance - Additional staff - Proposals.

I forward herewith proposals for the formation of a new sub-division and the employment of the following additional staff for attending to the operation and maintenance of the sub-stations and lines in the South Arcot area, Pykara Electricity System.

1) One Assistant Engineer (Electrical)
2) Two Junior Engineers (Electrical).
3) One Lower division clerk.
4) Two Peons.

2. I have to state that the Operation and Maintenance of the following sub-stations and lines which will be energised shortly have to be attended to.

1) 110 KV Sub-station at Pallasinar
2) 110 KV Sub-station at Viriyadia
3) 33 KV Sub-station at Kamala
4) 75 miles of 110 KV line from Mangalore to Pallikal.

The services of two Junior Engineers (Electrical) are required at Kamalapuram and the other at Viriyadia for the Operation and Maintenance of the above sub-stations and lines. One Assistant Engineer is also required to have overall charge of the above. The above may be attached to any of the existing staff in the South Arcot area. The lines and sub-stations are being commissioned newly and separate Operation and Maintenance staff is necessary. A separate Operation and Maintenance sub-division has to be formed at Kamalapuram in charge of the above sub-stations and lines. The new sub-division has to be formed during the last Engineering Holidays commencing from 7-7-56.

3. It is therefore requested that Government may be pleased to accord sanction for the formation of a new sub-division and the employment till 31-3-57 of the staff referred to in paragraph 2 above.

4. The expenditure is debitable to the head "XLI. Receipts from Electricity Schemes - Capital Outlay - IA.Pykara Hydro-Electric Scheme - Capital Outlay of Establishment"

5. I request the favour of very early orders of Government.

Yours faithfully,

3

CHIEF ENGINEER FOR ELECTRICITY.

No. 1995-H/56-5, dated 12-9-1956.

Sir,

ADDITIONAL DEPUTY SECRETARY TO GOVERNMENT 5593 15 SEP 1956 PUBLIC WORKS DEPARTMENT

Sub: Electricity Department - Establishment - Pykara System - South Kanara Area - Sub-stations and Lines - Operation and Maintenance - Formation of sub-division at Mangalore - Sanction - Requested.

Ref: Government Memo. No. 4149-R/56-3, P.W., dated 4-9-1956.

I invite reference to the correspondence resting with Government Memo. cited above and request the favour of very urgent orders of Government sanctioning the staff applied for in my letter No.1995-H/56-1, dated 6-7-'56, as the Operation and Maintenance of the newly commissioned sub-stations and lines has to be attended to without any delay.

2. In this connection I have also to state that the Divisional Electrical Engineer (Operation-cum-Construction), Mangalore has been appointed as checking officer for the acquisition of the Mangalore Electricity Undertaking that will vest with Government on 15-10-1956. This checking of assets and taking over is a full time work as the undertaking is a major one and the assets to be taken over are large. Hence, without assistance of an Assistant Engineer (Electrical) it is not possible for the Divisional Electrical Engineer to check the assets in addition to his division work. The Assistant Engineer (Electrical) applied for in my letter dated 6-7-1956, will in addition to the Operation and Maintenance of the sub-stations and lines, also assist the Divisional Electrical Engineer in checking the assets in the field etc.

3. I therefore request that Government may be pleased to accord very urgent sanction for the staff applied for in my letter No.1995-H/56-1, dated 6-7-1956.

ADS

The CEE has submitted proposals for the employment of the following additional staff for attending to the O&M of the Sub Stations & lines in the South Kanara area, Pykara System, Elec Deptt.

one Asst Engineer (Elec)
Two Junior Engineers (Elec)
one Lower Div clerk.
Two peons.

2. For the reasons given in para 2 of the two JEs, one for each of the two 110 kv. S.S & connected lines may be conceded as usually 110 kv. S.Ss are operated by a first grade section officer. The necessity for an AE even now when there will be only 2 section officers is not clear. Perhaps the question of employing an AE may be considered when the number of section officers is at least 3. Therefore it is for

MDS & C.D.

Consideration whether Two ☓ JEs (Elec) as against the Staff mentioned on P. ante, may be sanctioned till 28.2.1957.

The proposal of the C.E.E. relates to the employment of the following additional staff for attending to the O & M of the sub-stations and lines in the S.IC. area, Pykara system, Electricity Dept:—

1 A.E. (El.)
2 J.Es (El.)
1 l.d.c.

and 2 peons.

It is stated that the sub-division has to be formed as the 30g Supply would have been switched on 7.7.56. P.W. propose to sanction 2 J.Es (El.) as against the staff asked for by C.E.E. vide A on P1y. For the reasons stated in para 10 P1y, the proposal of P.W. at 'B' above may be agreed to. The extra cost works out to Rs 6100/-.

sub-stations and lines, which will be energised shortly has to be attended to:—

(1) 110 KV Sub-Station at Kulasekar.
(2) 110 KV Sub-Station at Miriadka.
(3) 33 KV Sub-station at Karkala.
(4) 75 miles of 110 KV line from Mangalore to Hulikal.

The services of two Junior Engineers (Electrical) are required one at Mangalore and the other at Miriadka for the Operation and Maintenance of the above sub-stations and lines. One Assistant Engineer is also required to be in overall charge of the above. The above work cannot be attached to any of the the existing staff in the South Kanara area. The lines and sub-stations are being commissioned newly and separate Operation and Maintenance staff is therefore necessary. A separate Operation and Maintenance sub-division has to be formed at Mangalore to be incharge of the above sub-stations and lines. The new sub-division has to be formed urgently as the Jog supply would have been switched on 7-7-1956.

para 2, p 1 cf

3. The Public Works Secretariat have proposed that to begin with two Junior Engineers, one each for the Operation and Maintenance of the two 110 KV sub-stations and connected lines may be sanctioned as usually 110 KV sub-stations are operated by first grade section officers and that the question of allowing one Assistant Engineer may be considered when the number of section officers increases from 2 to 3. The Finance Department have agreed. The Public (Partition) Department have seen the case. A draft order sanctioning the employment of 2 Junior Engineers (Electrical) till 28-2-1957 is
